

Band 6 - Term 3 Playing Test

Choose an excerpt from either “Thor’s Hammer” or “Ogopogo”

- Must be at least 8 consecutive measures and not longer than 16.
- Choose a section where you feel your instrument has an important role in the music and allows you to demonstrate your ability to play a variety of notes, rhythms and dynamics. You should be able to explain why you feel this is an important section.
- Check with Mr. Bridgman before your test date if you are unsure if you have chosen as suitable excerpt.

You have 4 choices of how to do your test:

- 1) Do your test in class
- 2) Do your test during sectionals for your instrument
- 3) Arrange a time to meet with Mr Bridgman at an available lunch or recess (times will be limited). ***It is your responsibility to show up for the time you signed up.***
- 4) Video record yourself at home. You can email the video file or the video address to jbridgman@sd63.bc.ca, or hand it in on a USB drive with your name clearly marked on the drive. Some students have also put it on YouTube and set the privacy setting so that only people with the site address can access the video. Then take it off YouTube in 2 weeks. Make sure you and your instrument are completely visible in the video and check that the audio is clear and not distorted.

Students will have opportunities to perform in class from **June 4-15**. All playing tests must be submitted by **June 15**.

Students will be graded using the following rubric.

Musical Element	Exemplary (2)	Confident (1.5)	Developing (1)	Beginning (.5)
Rhythm	Tempo is steady and consistent throughout with no rhythmic errors	Tempo is steady and consistent throughout with few rhythmic errors	Tempo is inconsistent with some rhythmic errors	Tempo is inconsistent with several rhythmic errors
Pitch	No pitch errors and very good intonation throughout	Few pitch errors and good intonation throughout	Some pitch errors and some intonation problems throughout	Several pitch errors and poor intonation throughout
Articulation	All notes are articulated clearly using appropriate articulations	Most notes are articulated clearly using appropriate articulations	Some articulations are unclear and/or use inappropriate articulations	Several articulations are unclear and/or use inappropriate articulations
Tone Quality	Sound is well supported, consistent, controlled and models desired sound of the instrument	Sound is mostly well supported, consistent, and controlled	Sound is sometimes well supported but is inconsistent	Sound is not well supported and is inconsistent
Instrument Position/Posture	Demonstrates proper posture, embouchure and hand position	Demonstrates most aspects of proper posture, embouchure and hand position	Demonstrates some aspects of proper posture, embouchure and hand position	Demonstrates few aspects of proper postures, embouchure and hand position
