

Breezin Thru Theory Instructions

Go to <http://breezinthru.com/> - Bookmark it!

Login at the top right corner:

Username: [royaloakms](#)

Password: [reed678](#)

Enter your name (first name, last initial is fine) exactly the same each time you login and select your band class.

Click on the E-Binder

Read through each lesson and click on the audio links. Focus on the clef **that your instrument uses**.

Repeat as many times as you like to get your best score/time. Hit submit after each attempt. Mr. Bridgman will get to see your best score.

Try the games that go along with each chapter

These games will help you improve your speed and accuracy on the drills.

IMPORTANT Techy Tips for STUDENTS

1. Remember to click “**submit**” after you complete a drill or your drill result will not be recorded.
2. **Type your name** the exact same way each time (no typos) when you log in to the e-binder (or you will not see all your results).
3. **Blue Bubble** – When you login into the e-binder there may be the odd time when the blue name entry bubble looks transparent or seems to interfere as you try to enter your name. This means that your browser has not loaded the e-binder completely and it may result in typing fields & scoring to act up. Please close the binder, re-launch it and all should be well.
